AESSEAL

AESSEAL is an innovator and manufacturer of mechanical seals that now competes and wins on the world stage after starting as a small local company.

The company has lodged over 30 international patents over the past number of years has won six Queen's Awards to Industry, a record in the Yorkshire region. At its hub is its Global Technology Centre, which it created in Rotherham thanks largely to its excellent workforce. It now employs over 1000 people worldwide and has operations in the USA and India.

"We stay in Rotherham for a simple business reason - it works for us. We have a skilled local workforce, an excellent central location, and strong, practical, support from the local authority and RiDO whenever we ask for it. Those and other factors have worked in tandem with our innovative and ambitious approach, to help us take on the world, and succeed."

Chris Rea, Managing Director
